

Quality Solution For All Growers

Oyster Washer

From *K W Automation*

- ▶ All stainless steel construction.
- ▶ Onboard stainless steel high pressure water pump.
- ▶ Variable speed drive conveyor.
- ▶ High pressure water jets top and bottom.
- ▶ 1.5 inspection/sorting after wash.
- ▶ Long life open weave conveyor belt.

Meeting Growers' Needs

Being able to wash your oysters without excessive handling, aids in the gentle handling of your fruit, at the same time increasing productivity.

The **Oyster Washer** is totally enclosed with an easily accessed collecting tray.

Efficiently cleans off river mud from oysters.

Dimensions - 3.0m x 0.6m.

Multiple wash nozzles gently wash from the top and underneath the belt.

In conjunction with other equipment such as feed hoppers and electronic weight grading, the **Oyster Washer** gives you a high performing efficient system.

Capable of processing up to 1 tonne per hour.
